January in review!

We had a great January meeting, getting a sneak peek at the Gopher Games documentary and watching a moving documentary about the tragedy of rattlesnake roundups. Attendees were also treated to a special visit from MOSH's own resident possum, Maggie, and her amazing adaptive wheelchair that allows her to move more freely.

JHS member promoted education and conservation at the Jan 2024 Show Me reptile expo.

JHS Field Trip to the Orianne Center for Indigo Conservation

Our much awaited field trip to the OCIC is this Saturday, February 3rd. If you are a member and planning on going, RSVP to jaxherpsociety@gmail.com and we will give you location address. We will be meeting there at 9am. This excursion is for JHS members and their guests. Not a member yet? Send us an email for more information.

If you are looking to adopt a reptile, fill out an adoption form at our website. We currently have people looking to rehome bearded dragons, ball pythons, and tortoises.
